

## HAVE EVIDENCE TO INDICT MEN

Grand Jury Is to Conduct  
Sweeping Probe of Her-  
rin Massacre

## 23 KILLED IN RAIDS

Start Investigation Week  
From Monday; Collect  
Lots of Evidence

CHICAGO, Aug. 18.—Sufficient evidence has been gathered by Attorney-General Brundage's secret investigators in Heroin to secure indictments, the attorney-general stated today, on the Heroin massacre, where 23 men were killed and a score wounded. He said he will be in Marion on August 23 to personally direct the prosecution in "Bloody Williamson county."

The special grand jury investigation of the Heroin mine massacre which will begin August 29, will be a searching inquiry, and every phase of the mine war will be shifted in an effort to "clear the name of Williamson county." State's Attorney Delos Duty told the Associated Press today. While not revealing the nature of evidence to be presented, Duty intimated that material gathered was of a comprehensive nature.

"I have a large collection of notes and Attorney-General Brundage has a lot of evidence," Duty explained. "and before the special grand jury is empaneled we shall compare notes and facts we have gathered. Just how long the inquiry will last, I cannot say."

The summons for the grand jury were issued late yesterday by Circuit Judge Hartwell and they will be served by a special deputy instead of Sheriff Melvin Thaxton, Attorney-General Brundage or one of his assistants will assist in presenting the evidence to the grand jury, it was explained.

## THOUGHT HE WAS HIJACKED

Corn Whisky Leaves Negro in Doubt as to His Misfortune.

The reputation of corn whisky that it often leaves its victims in doubt as to the exact nature of their misfortune is given support in the

case of Clarence Hickman, a negro, who reported to the police Thursday afternoon that he had been hijacked, was found, upon the arrival of officers at the scene, to be merely suffering from an acute attack of "cornitis."

Police believe that if Clarence could be persuaded to divulge the name of his bootlegger the means might be found by which one, properly lubricated therewith, could experience the San Francisco flavor of the Battle of Verdun and other historical events.

## ORE MAN SLAIN, THROWN IN MINE

Disappearance of T. R.  
Dutton Cleared Up  
by Officers

Special to The World.  
PICKER, Aug. 18.—Picher, the capital of the Oklahoma zinc and lead field, is all agog over the discovery of the body of Thomas Richard Dutton, a prominent mining expert, who disappeared from his home October 29, 1921, at the bottom of a mine shaft of the Potomac mine, south of town.

That Dutton was murdered and his body thrown into the shaft is what County Attorney Olla Mason of Ottawa county, believes, and along his line of reasoning he is personally conducting the investigation of the mystery.

The badly decomposed body was found by Edward McKay, superintendent of the Potomac mine, who went into the shaft to arrange for the installation of a pump for de-watering. The body was floating upon the water at the 236-foot level. McKay and a miner brought the body to the surface and while it was almost unrecognizable, relatives found enough about it to identify the remains.

In calling a special coroner's jury, County Attorney Mason instructed them to proceed with a view of determining how and why Dutton was murdered, and if possible to fasten blame upon certain persons. All sessions of this jury have been behind closed doors.

Today the jurors spent the day in Miami.

The post mortem showed a gunshot wound in the skull of Dutton's body. A Dutton, aged father of the dead man, and J. W. Wasson, brother-in-law, were placed under arrest, but later released.

Interment of the body, when it is

is released by the county attorney, will be at Galena, Kan.

Special to The World.

MIAMI, Aug. 18.—That T. R. Dutton, zinc expert, whose dead body was found at the bottom of a mine shaft in Picher on Wednesday afternoon being missing since last October, was expected to be killed in what his widow, Mrs. Clara Dutton, informed authorities.

The morning of October 29, the morning Dutton disappeared, and just before he left home to inspect mine properties, he told his wife, "Mama, don't you know they are going to kill me?"

Injured When Plane Hits Car.

JUNCTION CITY, Kan., Aug. 18.—Will Warner of Junction City was probably fatally injured today when an automobile in which he was riding was hit by a transcontinental plane, en route from Washington to the Pacific coast, as it made a landing on the Fort Riley reservation.

Thief Had Hard Luck

LITTLE ROCK, Ark., Aug. 18.—Louis Shat for whom the police have been looking for a month, secured his own arrest on a charge of stealing an automobile. M. A. Hudson, owner of a runabout, parked his automobile on Main here, then accepted an invitation of a friend to go riding. Shat saw the runabout unprotected and a chance to get out of Little Rock. In the northwest section of the city he asked a man the direction to Jetterville. The man happened to be Hudson. He took Shat to headquarters.

Seed Cares For Apples

GRAVETTE, Ark., Aug. 18.—The apple growers of Gravette have wired Senator T. H. Caraway at Washington to lend his efforts to avoid any hitch in transportation when the Jonathan apple crop begins to move. The yield is so large in this section that it is a matter of intense interest that the transportation facilities be not curtailed.

New Bridge Over Caddo

GLENWOOD, Ark., Aug. 18.—Two new bridges are to be built across the Caddo river. Work has already begun on a concrete floor structure south of town. The main bridge on the Bankhead highway will be a \$27,000 structure on the site of the one washed out two years ago by a cloudburst.

## TRAGEDY BRINGS PICNIC TO HALT

Sunday School Party Goes  
in Swimming and Two  
Step in "Hole"

PONCA CITY, Aug. 18.—A Sunday school class picnic party near here on the Arkansas river last night ended in a tragedy when Miss Augusta Keenan, 26 years old, and Milton Orr, 25, stepped into a deep hole while wading in the river and were drowned.

About thirty young people made up the party and all were in swimming. While the water was shallow out from the camp about four miles from here, it is believed the two who met death waded down stream and stepped into the deep hole.

Complete Not Missed.

They were not missed until after the party had broken up. A searching party was sent out from this city and it patrolled the banks for over an hour, thinking that the couple had become lost.

Finally realizing that the two had probably been drowned, searchers stretched meshed wire across a bridge about two miles downstream from the camp and divers began searching for the bodies.

Orr's body was found about 3 o'clock only a few feet from where he is believed to have gone down. The girl's body was washed upon a sandbar a mile downstream and was found at 5 o'clock this morning. Neither could swim.

Miss Keenan was manager here for the Western Union Telegraph company and Orr was an employee at a local refinery.

Uprising in Vienna.

LONDON, Aug. 18.—A military uprising is threatened at Vienna because the Austrian government lacks funds with which to pay the troops, according to reports received here from the Austrian capital. Grave fear over the Austrian outlook was expressed in British official circles. It was said the Austrian ministry has made preparations to flee.

## Central High School Day Shorter by 40 Minutes This Year

The school day at Central high is to be shorter this year than it was last by about 40 minutes. Announcement of the new schedule was made yesterday from the principal's office.

This year school will open at 8:30 and will be dismissed at 3:25. Last year classes began at 8:10 and were dismissed at 3:55. There will be 20-minute periods this year, with 20-minute home room periods and 25 minutes for lunch. Room shortages that necessitated two recitations in one room made the 80-minute periods necessary last year. With the new high school addition ample classroom will be provided this year and thus the change in the time schedule is made possible.

sandbar a mile downstream and was found at 5 o'clock this morning.

## Lads Ground to Bits Under Santa Fe Train

TEMPLE, TEXAS, Aug. 18.—Two unidentified young men, about 22 years old were instantly killed and their bodies literally cut to pieces near Killen early this morning when they were run over by a south-bound Santa Fe passenger train. They are said to have been asleep on the tracks. They were clad in khaki working clothes, but nothing was found to identify them. A storekeeper at Killen informed authorities the young men had applied to him for employment saying they were from Sweetwater. The bodies were so badly dismembered that one coffin was sufficient to hold the remains of both unfortunate.

## SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable  
Compound Often Does That.  
Read Mrs. Miner's Testimony

Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound. It is a great help in carrying a child, as I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take my advice."—Mrs. FRED MINER, Box 162, Churubusco, N. Y.

It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better. Finally they take Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner. All ailments women ought to try this medicine. It can be taken in safety by young or old, as it contains no harmful drugs.
